

## **Breakfast Run to Nurioopta**

25<sup>th</sup> September 2022

By Steve Spong & John Roach

We had 18 cars set out for Nuri, but unfortunately only 17 made it. Peter & Bronwyn Micklem unfortunately had dynamo trouble, so ran out of electricity and had to get a tow home. We hope that the car is soon fixed.

As for the rest of us we all had easy runs to the Nuri Tolley Reserve and Linear Park, parking up near the old steam locomotive, the cars attracting the usual level of interest with the public.

The star attendee was however young Heidi, Berry's 15-week-old puppy golden retriever. She was out on her first breakfast run and in fact her first public appearance. She clearly loved it, meeting and greeting everyone, and enjoying all the fuss!

Then it was time to head home, where most of us would have encountered the rain as it set in for the rest of the day.

So once again, thanks to all who came, and it was good to see the return of several previous breakfast runners.

Attendees:

Peter & Bronwyn Micklem	MG TD
Trevor & Sandy Dicker	MGA
Nick & Dennise Micklem	MGB
Ivor & Carolyn Spanovskis	MGB
David McNaughton.	MGB
Terry Cook.	MGB
