

Pre-War & T-Register Report September 2023

From Arthur Ruediger

The September meeting was held at the MG club rooms 93 Chief St. Brompton, originally planned to be held at the home of Graham & Pat Loader but due to Graham being admitted to hospital the week before the meeting with a ruptured esophagus the change was made. Graham is now back home and the T- Register wish him well on the way back to full recovery.

The weather on the night of the meeting was far from suitable for T- types but two brave souls defied the weather, Goldy in the TC, all the way from Murray Bridge and Andrew Bate in the TF, a gold medal was awarded to Goldy for his brave feat and a silver medal went to Andrew Bate for his attendance in the TF.

There were 30 members present with 8 apologies for the meeting notable among them were David McNabb, day surgery, maybe to correct the bias to his Kiwi heritage, Russell Garth no reason and of course Graham Loader. Forthly was not an apology but he blotted his copy book by not attending anyway, blowing his chances for the Irving Cup. Reg Omalley was back after his absence last month due to ankle surgery.

A.C.Pearson .com was an apology but phoned in with a video link from the UK while visiting his friend Stuart Penfold, 30 degrees over there, Anthony was in a short sleeved shirt.

Doug Clarke was welcomed to the meeting, thanking members of the register for their support following the passing of his father Graham.

Buckles arrived just in time for supper, had to pick up Ray Finch & his wife from the airport on their return from holidaying in Port Douglas, Finchy leaves his vehicle in Buckles drive while he is away.

Terry Wright was presented with his 50 year membership medallion from Blackwood Golf Club by John Bray via the pocket of Andrew Willington. It is great to see such loyalty to clubs like MGCCSA that people have by remaining in touch over a great number of years, really well-done Terry

The ladies were well represented, Ann Mclean, Judy Glasson, Bronwyn Micklem, Jenny Schiller and Shelly Bazzica . A big thanks to Shelly for her help with serving the supper, thanks also to Stephen Marlow and Ken Burke for

managing the bar, following the meeting the bar manager, Berry Treffers had to visit Dan Murphy's to restock the bar, we had drunk the place dry of red wine.

The next meeting to held at Ken Burke's home in Hackam will be a week later than the normal time of the first Thursday of the month due to the fact that eleven register members will have just returned or will be still travelling back from the Pre-War & T- Type national rally in Canberra.
