

## Breakfast Run to Mitcham

Sunday 28<sup>th</sup> January 2024

By Steve Spong & John Roach

The first breakfast run of 2023 was an easy drive of only about 35km, heading up to Mount Lofty, then via Upper Sturt, past the Belair National Park and down Old Belair Road to Mitcham Reserve and the Norman Walk Park. Whilst all enjoyed the short run, there were some concerns raised over a couple of “enthusiastically driven” Clubmen, plus the usual cyclists.

We had new members from the Guthleben family, namely Jack & Raff in their BGT, and Charles with Bowie the dog in his MGB who came to the start, plus Callum Marshall who was looking to join the Club. All of whom we hope to see on future runs.

Keeping Bowie company at the start was Berry's labrador Janey.

The perfect warm summer's day saw a great turnout and we managed to commandeer one corner of the park and squeeze most of the cars into the adjacent parking area.

So, thanks to all who came, but unfortunately our photographer, Mr. McNabb could not be with us as he was laid up with a virus over the weekend.
