

Breakfast Run to Lyndoch

Sunday 24th March 2024

By Steve Spong & John Roach

It turned out to be a perfect autumn day, as witnessed by the number of old and classic cars seen out and about in the Adelaide Hills and Barossa Valley. Hence it was good to welcome breakfast run newcomers, Sean & Teresa Soole plus Rick Baker & Karen Peel, both couples keen for a scenic drive in their MGBs.

Our destination was Lyndoch, but unfortunately, breakfast run regular attendee Terry Cook had a breakdown just outside of Forreston. Several stopped to help, but it was soon established that the electricity didn't want to spark the plugs anymore, and that little could be done on the roadside. Hence Terry waited two and a half hours for the RAA and a tow home. Hopefully it's an easy fix.

For those that made it to Lyndoch, it proved to be a popular spot, with car parking spaces at a premium, and the bakery opposite doing a roaring trade. But we all eventually managed to get a spot and set up under the large gazebo.
