

## Motorsport Report Mallala MSCA Super Sprint Series Round 2 - 23 Jun 2024

A bitterly cold day greeted the intrepid band of competitor's attending round 2 of the sprinting series, and included a Come and Try event which Adrian Akhurst's grandson took part in driving an MGF with Adrian as his instructor. (report next magazine)

The temperature hovered around 5 degrees with a light wind at the start and stayed cold, cloudy and windy all day. The day began with Jason Edwards having to perform an axle change ably assisted by Dick, Trevor and Tyler before his sprinting could even begin. A suspected thermostat failure cut short Dicks fun for the day after the 2<sup>nd</sup> round and the ever reliable yellow MGF was retired and trailered home early

Alan Cardnell had a scare with the new brake pads on his blue MGB fading away, but after a cooldown they recovered and he completed all rounds for the day. Trevor Dunfords MGF and David Clarkes Commodore Ute also ran without incident all day.

Bev Waters and Michelle Edwards provided their expertise in the control tower as usual - where would we be without the unstinting efforts provided by these ladies at every meeting? Spectators were Lynden Burns, Leigh Albertsen, Mike Bugg, Faye Edwards, Jamie Manning, Adam Kuchvek, Rob Hall, Laurie Houghton, [photos] and Steve Bowra [words] and last, but certainly not least, the indefatigable Sandra Cardnell [superb buttered cake]

Congratulations to David Clark the fastest club member. Alan improved his times by 6 seconds throughout the day, and the consistent driving by many of our competitors should consider a team for the 6hr Regularity event next year. Trevor managed 17 laps in the 1 minute 29 second bracket and the majority of Jason, Martin & Tyler's times were also within a couple of seconds of each of their lap times.
