

## Vice President's Report – June 2024

### Breaking News

At the May committee meeting Tim Edmonds reported that there were no takers from the other MG clubs around Australia for the 2026 nationals and he put forward a proposal that MGCCSA accept the challenge and this was warmly accepted by all committee members. Tim Edmonds was asked and has agreed to head the subcommittee for the 2026 nationals with the able assistance of Bev Waters, Ken Burke, Leigh Albertson and Berry Treffers, all of whom eagerly offered their assistance. There will be a need for more helpers for this undertaking so please consider coming onboard to make this as successful as the last one. Wes and Chris Bray are also assisting.

In a break from tradition the event will be held, not at Easter but as a weekday event between 27April 2026 to 1May 2026 This may also be helpful in increasing the numbers of competition cars available so we can do as well as the 2024 team did in Tamworth.

The British classic tour event has been wound up and although the MGCCSA was asked if we would like to take over the running of this event the committee resolved to decline as our participation was part of our Centenary Celebrations in 2024.

Steve Bowra  
Vice President
