

MID-WEEK LUNCH RUN NOVEMBER 2024 – REPORT

I reckon you can call the attendance of our group a real force! Not intentionally, it just happens! The Republic Bakery at Uraidla was quietly being enjoyed by young Mums with their children in prams around 10.30 as some of the MG members and friends started to turn up. In no time these slightly older people kept coming in the door until we had totally taken over one end of the bakery with lots of conversations happening. The local mothers kindly gave up their tables to us.

The weather was just right it seemed for the majority of the members who wanted to get their MG's out, hoods down, for a drive through the hills, this included two couples on their first time, David & Louise Keats and Joy & Simon Lu. Also Robin & Maxine Gibbs brought along UK relatives', Heather & Tony Trotman, and the Denny's brought Babs Crouch; so all were well received and enjoyed the opportunity to be included.

There were of 32 members and friends, who came to Uraidla ; with Pam & Norm Hellings joining us for coffee. The drive was along some roads they had never been on; driving past some wonderful gardens and stunning homes. We enjoyed the alternative roads from Stirling to the Blackwood area along the Sturt Valley Road and then Ironbank Road ; the Adelaide hills are a show piece at the moment and we all enjoyed our drive I am sure.

When we got to the Victoria Hotel, I was pleased to note that the staff at the hotel had given us a whole section for our group and this definitely allowed for everyone to talk and not have to compete with additional noise quite often a problem in busy pubs. The staff I felt were quietly efficient and the menu allowed for both Seniors and full menu choices. As I mentioned before we are a force and everyone was just catching up, enjoying each other's company after a lovely meal and a nice glass of something !
