

Breakfast Run to Carisbrooke Park, Salisbury

Sunday 24th November 2024

At 9am on Sunday morning 12 cars were ready to start our last run for 2024 to Salisbury, and after a short briefing by John all were on their way by 9 15 am.

Our run took us through town and then out on Lower North East Road to turn off up Gorge Road, and into the foothills. What a great road for a morning run and only two bikes on the whole road! We then turned off onto Tippet Road for another great drive through the hills.

We eventually got down onto Main North Road and just after the Old Spot Hotel turned into Carisbrooke Park where we all spent quite a while talking and drinking coffee. Thanks must go to Andy Furman as once again he brought a packet of "Iced VoVos" to feed us all.

On arrival at the park another five cars joined us giving an all up total of 17 cars for the day, plus a total of 27 people and one dog as Berry brought Jannie with him.

That's it for 2024, so Merry Christmas to all and a Happy New Year from the breakfast run team. See you all in 2025!

John, Steve and Dave.
